

# VINTAGE VINE 100

FINE WINE | CRAFT BEER | BOURBON  
CHARCUTERIE | SMALL PLATES

## Our Wines Come from Sustainably Farmed, Organic and Biodynamic Vineyards

Why does it matter? It matters because the wines you are drinking do not have multiple different additives you can't pronounce or fake purple coloring and they are not mass produced like most big-brand labels you see. All the alcohol is still there without all the added sugar (calories) leaving you feeling bad the next day or longer. Every vineyard our wines are sourced from is committed to the centuries-long proven methods of responsible, renewable farming of the land in addition to great wine making from renowned vintners to create better wines.

*We are committed to serving you better wine.*

**DID YOU KNOW THIS ABOUT WINE & WATER?**

*According to Italian sommelier and President of ASPI (Association of Italian Professional Sommeliers) Giuseppe Vaccarini, who's been awarded with "Best Sommelier of the World" accolades, his choice for proper water and wine pairing: Aqua Panna for a superb still water and San Pellegrino for sparkling.*

IT IS RECOMMENDED TO CLEANSE THE PALATE AFTER EACH TASTING OF A GLASS IN THE FLIGHT.  
WITH A WHITE WINE FLIGHT AQUA PANNA IS RECOMMENDED - WITH A RED WINE FLIGHT SAN PELLEGRINO IS RECOMMENDED.
